

ROOFTOP SUNSET SOIREE

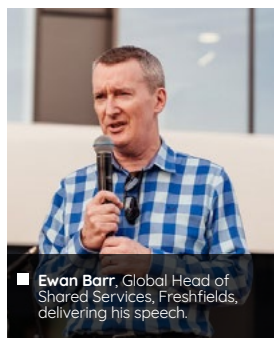

June 20 | 2024

AmCham's Rooftop Sunset Soiree Summer Cocktail turned into a memorable evening filled with pleasant meetings and conversations. Even the weather cooperated, with the sun perfectly complementing the Latin American summer vibe of the entire evening's program. Along with amazing views of the city and the best possible company, guests also enjoyed Caribbean rum tasting, exquisite cocktails, a refreshing ice cream corner, and Mexican street food. The Latin American atmosphere was enhanced by enjoyable live musical performances by Janelys Fernández Díaz & Son Tres. The entire evening was characterized by a relaxed atmosphere and many of the discussions

among AmCham members and friends went on until the stars were out. It was also a special show of appreciation for the companies which support AmCham continually and enable it to focus on meaningful work and a wide array of policy activities aimed at making Slovakia more competitive - the Top Supporters for 2023 were recognized and awarded.
