

**Danka Daubnerová**

Corporate ESG Senior Product Manager, Tatra banka

**Mission Statement:**

I am passionate about supporting the Slovak business community in its transition towards sustainability and responsible growth. As Vice-Chair of the ESG Committee, I would like to foster collaboration, knowledge sharing, and practical solutions that help our members navigate the evolving ESG landscape. My experience in implementing ESG principles in banking, developing educational materials, and leading cross-sector initiatives has prepared me to actively contribute to the committee's mission. I believe that together, we can strengthen the impact of ESG in Slovakia and inspire others to follow our example.
