THE FESTIVAL OF FUTURE

9.00 AM /240MIN.

MAIN STAGE
JURKOVIČOVA TEPLÁREŇ

CONFERENCE DIGITAL EVERYTHING

Main Stage Event

This day is not about presenting concrete digital solutions or tools. Instead, it's about exploring how digitalization impacts every facet of our existence—from the rules that govern us and how we work, to how technology itself will transform our daily lives and how we can make it secure. Our goal is for you to leave with questions, not answers, and to discuss these questions at work, at home, with your children, and with friends because they are important! The aim is to ignite discussions about technology from various perspectives: finance, energy, the future of work, social responsibility and ethics, legislation, security, and the application of AI across sectors and industries.

Don't be Afraid of AI!

Topical Focus Event

In the rapidly changing world of work, people need to acquire different skill sets due to changes in the global labor market. The WEF produces trend reports outlining the top skills of the future, categorized into four main groups: Technology use and Development, Problem-solving, Working with People, and Self-management. In this context we have developed several practical insights to answer the following: Are you curious about the present and future of artificial intelligence? Are you wondering if AI is only for IT experts or if it's accessible to everyone? Are you concerned about the economic impacts of AI on traditional jobs? Want to know how AI can be utilized in everyday life and work and are you interested in experimenting and innovating with AI?

Bordering Regions at the Forefront

Festival Specials

Although the war is ongoing, we all believe that one day it will end, and Ukraine will regain its full territorial integrity and sovereignty. However, considering the aftermath of the conflict, Ukraine will undoubtedly face a challenging period necessitating reconstruction and the development of new capacities to replace those destroyed by the war. History has shown that no country can fully recover from war without the assistance of its allies and neighbors. Referring to the regional level, we will focus on fostering cross-border economic cooperation among the regions and business players and on the readiness to absorb the capacities that will flow through Eastern Slovakia to Ukraine.

THE FUTURE OF WORK CONFERENCE

Main Stage Event

Slovakia's economy continues to rely on business centers as the third largest industry in preserving overall employment levels and adhering to all commitments/liabilities companies have, but to continuously climb up the ladder of value-added, the industry needs stronger and more targeted support from the Government and local municipalities. Thorough development of employees' skills, continuous adaptation to digital transformation and commitment to diversity & inclusion demonstrates the sector's resilience and innovation.

Governance of Health Data

Topical Focus Event

Health data holds incredible potential to improve public health policymaking, better predictability in system financing, forecast the evolution of demands on the health system, and last but not least, new avenues and options for the patient for earlier diagnosis and less invasive and more targeted treatments. In order to utilize the potential of health data aspects such data rights, ownership, data security, data sharing, reporting, analytics and ethical data use should not be underestimated and set properly. Let's elaborate with us more closely on these topics in the discussion with public and private health data subjects during the workshop under the lead of OECD health data policies expert.

THE FESTIVAL OF FUTURE

FREQUENTLY ASKED QUESTIONS

We prepared for you the Frequently Asked Questions to make your visit and experience truly memorable but also predictable. Let's look through the questions and answers that we prepared for you as a tool that serves as a self-help resource.

WHAT CAN I EXPECT?

During three days, you can look forward to discussions, chats, and presentations on the **MAIN STAGES**, as well as to practical **TOPICAL FOCUS EVENTS**. You can also join us for **Health Check Day**, the **AmCham Mini Cinema**, or the **Coaching Testing Corner**. Feel free to enjoy the festival-like atmosphere outside with street food, beer, a chill-out zone, a co-working zone, or walk through „The **Alley of the Future**“. To have a better idea of what the festival offers, please click [here](#) to see the full picture.

HOW DO I GET THERE?

The Festival of Future takes place in Jurkovičova tepláreň located at Bottova 1 Street, near the Sky Park offices and in The Spot. The best way to reach it is by taxi, on foot or by public transportation (bus stop "Čulenova" - 40, 50, 70, 78, 88). Be sure to check in. You will receive a nice badge with your credentials. It is important to wear it as it will provide you with useful information and allow you to enjoy various benefits.

HOW SHOULD I REGISTER?

The Festival of Future lasts for three days and consists of more than 15 event options. We warmly invite you to register for any of the selected events whether it is a **MAIN STAGE** or a **TOPICAL FOCUS EVENT** or a **SPECIAL EVENT**. But then we count on your presence. Beware that you need to register for each event separately if you wish to attend several events on different days. As the capacities are limited, the festival doesn't allow simultaneous attendance at different stages, except for the **AmCham Mini Cinema**, **Health Check Day**, and the **Alley of the Future**.

CAN MORE PEOPLE FROM ONE COMPANY ATTEND?

Each person just needs to register separately to ensure everyone has their own badge, which serves as the key to the festival of the future. To make the process smooth, please note the following:

- Each company can have up to two guests for main stage events each day.
- Patron members enjoy the benefit of registering up to three guests for main stage events each day.
- For the Topical Focus Events, the limit is one person per company per event.

WHERE CAN I PARK?

Arriving by car is also an option. You can park at NIVY MALL or EUROVEA MALL; these options are free for the first three hours but a little further from the venue. For direct parking, you can park under Jurkovičova tepláreň in the ALTO parking lot, which is a visitor-paid service. The entrance to the parking lot is from **Bottova Street**.

WHERE CAN I LEAVE MY STUFF?

A cloakroom will be available in Jurkovičova tepláreň, down the stairs, next to the bathrooms.

HOW CAN I BUY TICKETS?

Tickets are not available for purchase. The event is exclusively tailored for AmCham Slovakia's members and our guests. But what about watching the content online?

HOW CAN I WATCH THE EVENT ONLINE?

The festival will also be streamed online. The link is provided on the event page.

WHERE CAN I NETWORK?

For networking opportunities, arrive at 8:30 AM to enjoy prosecco, coffee, or orange juice at the DOT Café's Networking Corner. Coffee breaks and lunches provide excellent opportunities to meet new people and connect with business partners.

WHERE CAN I EAT?

Standard catering is available during all three festival days. You can choose lunch at Restaurant WERK or street food from Foodstock located outside the venue.

HOW SHOULD I DRESS?

Business Casual is the right choice. We want you to feel comfortable. If you feel comfortable in high heels and business suits, that's up to you. We will be wearing **ZIK models** to brighten our day.

WHAT IF I STILL HAVE QUESTIONS?

For any further inquiries, please reach out to us at office@amcham.sk. For the full program and more details, visit the Festival of Future website or follow us on AmCham Slovakia's social media. See you there!
