

Danubius Health Spa Balnea in new splendor

After 40 years of successful operations, the mud department, mirror pool, and rehabilitation center of the Danubius Health Spa Balnea in Health Spa Piešťany is undergoing an extensive renovation.

Spa Balnea, ready from the end of March 2014.

The renovation will also extend the capacity of the mud department and the mirror pool, and in response to clients' needs, the mirror pools will be divided into pools with warmer or cooler water.

The rehabilitation center will be built in accordance with up-to-date medical care standards. It will also include a kitchen unit and a model car where patients of the rehabilitation department will have the possibility to practice everyday activities like

using a car or using kitchen appliances.

The fitness center will be extended by 300m² and a new indoor swimming pool with a hydrotherapy pool and saunas will be installed. Changing rooms located in these areas will become available to the guests. The pools for water gymnastics will also undergo renovation; this section will also be extended by a Kneipp stepping bath.

Together we can begin looking forward to the opening of the most modern balneology center in Slovakia in April 2014.

Slovak Health Spa Piešťany – Health and relaxation for everyone

Slovak Health Spa Piešťany, with a 200 year tradition, is one of the leading European spas for treating rheumatism and troubles with the nervous system as well as locomotive rehabilitation. By using natural healing resources – unique sulphur mud and thermal mineral water – joint inflammation is reduced and capabilities improved. Medical treatments help to strengthen the immune system, regenerate injured cartilage, and slow down the degenerative process of joints. Experienced physicians prescribe an individual curative program based on health condition of the client.

As with previous projects, the well-known Austrian designer Gina Zarski will be in charge of the interior design. The projects come from the workshop of architect Christo Tursunov, who also did the original design in the late 1970s.

The renovation will cost around nine million euros and began on November 1, 2013. A novel change will be the addition of premises for doctors' offices directly in the Danubius Health

The top management of the Slovak Health Spa Piešťany at the renovation kick-off: Rastislav Gašpar, Jurina Halmayová, Hans-Dieter Bergmann, Klaus Pilz, Viliam Mikuláš, Katarína Bečicová, and Ivan Satina.
